Corporate

With many corporations engaged in pushing the growth of their businesses, it is important to ensure that their internal corporate affairs are run in accordance with the applicable and frequently, cross-border regulations.

The services provided by our Corporate team cover the entire lifecycle of a corporation, including the formation of companies, drafting of documents of association (and their amendment, in accordance with changes in legislation), matters pertaining to share capital and shareholders' rights, public offerings, annual and periodical meetings, corporate governance and compliance issues, as well as liquidation processes.

Our multidisciplinary approach enables us to provide our clients with coordinated legal advice in numerous areas of law, including local and international taxation, litigation and advice regarding legal disputes, competition and labor law.

Our clientele is comprised of Israel's leading and emerging, private and public corporations from a variety of different industries, including a third of Israel's largest business groups, financial institutions and investment funds, as well as overseas companies operating in Israel, senior corporate management, boards of directors and board members.
