## Our firm represented Gauzy Ltd., a nanotech startup that specializes in smart glass technologies, in its capital raise of US\$60 million

### News

Our firm represented **Gauzy Ltd.**, a nanotech startup that specializes in smart glass technologies, in its capital raise of **US\$60 million** led by Ibex Israel Fund LLLP, Walleye Opportunities Master Fund, and Benslie International Limited. The capital raised was used, among other things, to consummate the acquisition of a French company, Vision Systems.

Gauzy Ltd. was represented by partners **Chaim Friedland** and **Yehonatan Raff**, together with senior associate **Netanel Kahana** and associate **Josh Kersner**;

Finance: partner **Idan Baki** and associate **Aryeh Goldman**.
