GAR100

News

Our international arbitration team has once again been selected for the GAR100! We are proud to announce that our firm's arbitration team has been included, for the second consecutive year, in the prestigious GAR100 list, which ranks the top 100 arbitration teams worldwide. Our firm is the only Israeli firm to receive this prestigious recognition. Before the holiday, Nuna Lerner participated in a festive event in Paris where the winners were announced and celebrated. This major achievement strengthens our position as a leading player in the international arbitration arena and highlights the professional reputation we have earned globally.
