Paris Arbitration Week

News

As Chair of the ICC Israel Arbitration Committee, Nuna Lerner hosted a prestigious cocktail event in support of the Israeli and Jewish arbitration community during Paris Arbitration Week. The event attracted dozens of senior lawyers from international firms across Europe and the U.S. Speakers included Nuna, the President of the ICC, and the Chair of the Paris-Israel Chamber of Commerce. Leading Israeli attorneys who came to Paris for the International Arbitration Committee – of which both Nuna and Nir Keidar are members – also attended. This is the largest Israeli delegation ever appointed by ICC Israel, marking a significant milestone for the Israeli arbitration community.
