In honor of Tu Bishvat, we took part in a tree-planting initiative led by Keren Kayemeth LeIsrael (KKL-JNF) and donated a tree in the name of each and every member of our firm. The donation was dedicated to the rehabilitation of Re'im Forest, which was damaged on October 7, 2023. For us, this is a way to express solidarity and to take part in efforts that restore life and bring greenery back to an affected area. We are pleased to do this together as a firm, and we hope it serves as a small reminder that each of us is part of something bigger.
