Gornitzky represented DWS, an international company owned by Deutsche Bank that deals in investments and asset management, when it joined an investment round in the company, Skyline AI, and purchased preferred shares in a scope of \$3.5 million.

News

Gornitzky represented DWS, an international company owned by Deutsche Bank that deals in investments and asset management, when it joined an investment round in the company, Skyline AI, and purchased preferred shares in a scope of \$3.5 million. Gornitzky also represented DWS in the negotiations for the signing of a binding memorandum of understanding for commercial cooperation between DWS and Skyline AI.

Skyline AI is an Israeli company that develops technological platforms for investments in real estate.

DWS was represented by the partner Elite Elkon, together with associates Alon Peled and David Chester.
