## **Gornitzky represented Eviation Aircraft in the sale of a controlling interest in the company to the Clermont Group.**

### **News**

Gornitzky represented Eviation Aircraft in a process for the sale of a controlling interest in the company to the Clermont Group, an investment house based in Singapore.

The company is developing and manufacturing "Alice", the world's first fully electric passenger airplane which made its international debut at the recent Paris Air Show in June 2019 and represents a technological breakthrough in the fields of aviation and sustainability.

Eviation Aircraft was represented by Partner Shlomo Landress (co-head of our Technology practice), together with Adv. Dan Fisher and Adv. Michal Lavi-Sneh.
